## Tips for Toddlers

Toddlers are curious and always on the move.

Regardless of swimming ability, **toddlers need to be supervised at all times.**

**Swimming is a vital skill.** Formal swimming lessons can reduce the risk of drowning for older children.

**Barriers**, such as pool fences, are important. But they **do not** replace adult supervision.

**For children 1 year and older**, choose a life jacket that looks like a vest, has a **US Coast Guard approval label**, and is fit by weight.

Remember, swimming is a fun activity for the whole family when done safely.  
**Enjoy!**
